Whirlpool Sales Top \$1 Billion

Nine-Month Earnings Up 24.8 Per Cent Over 1971 Figures

Whirlpool Corp. reported consolidated net sales of more than \$1 billion and a 24.8 per cent increase in earnings for the first nine months of 1972. The company said sales totaled \$1,060,684,000—an 8 per cent gain—while consolidated net earnings were \$50,424,000 or \$1.41 a share compared to \$1.13 a share for the corresponding period of 1971.

Warwick Electronics, Inc., a 57 per cent owned subsidiary, reported net earnings of \$2.25 million for the first nine months compared with net earnings of \$469,000 for the same period of last year.

Whirlpool President John Platts said the company has elected to roll back all price increases to the base period level and return revenues to its distributors.

The decision to remit revenues reduces consolidated net earnings for the third quarter and nine months by \$1,100,000.

Retail customers do not share in the remission of revenues because amounts are too small to be practical.

Platts said Whirlpool had made price increases of less than 1 per cent compared to a 3.1 price increase authority

granted by the Price Commission.

Platts said the decision to restore prices to base period levels frees the company of profit margin limitations imposed by the Price Commission.

"It has become evident that potential profit generation from gains in efficiency resulting from increased

Police Action Is 'Justifiable'

Prosecutor Rules On Shooting Death Of BH Youth

BY BRANDON BROWN Staff Writer

The shotgun-blast death of a 14-year-old Benton Harbor boy as he ran a police roadblock in a stolen car last Tuesday was tragic but justifiable, Berrien Prosecutor Ronald J. Taylor ruled Friday.

A statement by Taylor recapped the report of the car's theft, high-speed police chase, running of one roadblock and attempt to run another by Carlton Trent Hull, of 860 Wauceda avenue.

Then it added: "I have no alternative but to conclude that while the incident is regrettable and while my fervent hope is that this type of incident can be avoided

in the future, the officers involved acted reasonably and justifiably under the circumstances. As evidenced by an incident which occurred a few days later in Chicago where under similar circumstances a youth attempting to escape from a traffic violation killed a family of five, the police have a right for the protection of themselves and the public to use all reasonable efforts to stop a car in flight, particularly where a felony has been committed.

"In this case a felony had been committed and the police, as is usual under these circumstances, had no idea who the driver of the car was. Therefore they had to act to prevent further escape from the felony and further possible harm to the public.

"All of us in law enforcement share in a deep sense of regret over this unfortunate incident

and hope that it will never be repeated in the future." Prosecutor Taylor said he issued his statement after consulting with members of the youth's family.

The prosecutor said he would not recommend a change in police procedures but would recommend a change in the attitudes of people who are (See back page, sec. 1, col. 1)

40 Mexicans Arrested In Area

Illegal Aliens Deported

BY STEVE McQUOWN Paw Paw Bureau

PAW PAW — Seventeen farm laborers believed to have entered this country illegally were on their way back to Mexico today after their arrest early Thursday morning by border patrol officers assisted by deputies from the Van Buren Sheriff's department.

Authorities here said the 17 were employed by a South Haven township fruit farmer.

The workers were jailed overnight at county jail and were put aboard a bus about noon Friday for the trip to El Paso, Texas. They were joined by 23 others arrested in surrounding counties.

The workers are being escorted to Texas by a border patrol agent. In Texas, they will be asked to sign papers requesting to be returned to their own country.

The 23 arrested in other counties included eight from Kent county, seven from Allegan county and eight from

Berrien county, according to a Detroit spokesman for the border patrol.

Those arrested in Van Buren county had a combined \$2,000 in their possession, presumably pay for harvesting crops. The money will be returned to the workers when they reach Texas, a border patrol

spokesman said.

The border patrol spokesman said the arrest of the 17 in Van Buren county was not the result of a specific tip, but rather a routine check based upon previous intelligence reports and experience.

Those arrested in Van Buren county ranged in age from 18 to 48.

Suit Seeks To Void Palisades Tax Exemption

BY STEVEN McQUOWN Paw Paw Bureau

PAW PAW — Covert township has filed suit in Van Buren Circuit court against the state tax commission and Consumers Power company over a tax exemption granted by the commission to the company for pollution control devices at the Palisades nuclear plant.

The suit claims the tax commission did not give proper notice and did not allow arguments before granting the power company a tax exemption of \$9,295,000.

Filed by Covert township supervisor—assessor Jerry Sarno, the suit asks the court to declare the exemption null and void and order a rehearing on the company's application for tax exemption.

Sarno has estimated the exemption may amount to an annual loss of \$16,000—\$18,000 for the township. The local school district stands to lose another \$105,000.

On recommendation of the Michigan department of health, the tax commission ruled that certain pieces of equipment in the large reactor building are air pollution control devices that make the company eligible for tax exemptions under state law.

U.S. Delegate Quietly Bursts Bombast Bubble

Have you ever noticed how a polite rebuke spoken in a calm voice can be more effective than an angry one? The UN General Assembly was treated to an example over the non-issue of Puerto Rico independence.

Cuba's delegate brought up the subject with a typical unfounded propaganda

barrage against the United States. To hear him tell the tale, Puerto Rico is a helpless colony held in virtual slavery by the U.S.

That the facts are otherwise has been demonstrated by the Puerto Ricans in open elections in which they overwhelmingly voted against independence. Nevertheless, the charge was made and the time came for an American emissary to give a reply.

No Wonder

They're Apathetic

Critics complain the public is apathetic about this year's election. They blame the Presidential type of campaigns waged by Nixon and McGovern. In Michigan, at least, it may not be the fault of the Presidential candidates. There are so many issues and candidates on the ballot—local, state and national—that voters probably are confused and numb. But don't give up; there's help on the way. This newspaper will publish its "Election Guide"—a complete roundup—on Friday before the Nov. 7 election.

Spanish-American Vote Isn't Solid Any More

"Minorities more than ever are the key to this election," says Luis Velasquez, Sen. George McGovern's coordinator of Chicano affairs. Based on that premise, both parties are making an all-out pitch to ethnic groups as Nov. 7 approaches. Conspicuous among the groups being wooed is the Spanish-heritage population, 9.3 million in all, composed of Mexican-Americans (Chicanos) in the West and Southwest; Puerto Ricans in the Middle West and East; Cubans in the East and South; and a sprinkling of other Spanish-speaking and Spanish-surnamed persons around the country.

The Democrats are organizing a McGovern "Unidos" movement in the barrios (Latin neighborhoods), loosely patterned after the successful "Viva Kennedy" effort of the 1960 campaign. The Republicans, tailoring their program to local political conditions, make extensive use of storefront headquarters, campaign buses and volunteer canvassers.

IRS Does Favor For Taxpayer-- Or Is It Really?

The Internal Revenue Service, which along with overseeing the nation's tax laws also is responsible for administering wage and price control mechanisms, has gone to bat for some of the taxpayers. Those who use government publications like "Your Federal Income Tax" to put together their tax returns will not be asked to pay more for the booklet this year.

The Government Printing Office wanted to increase the price above the current 75 cents, citing increased publishing costs. The IRS admitted the GPO probably could make a case for the price increase, but said restraint was a better policy.

In the end the taxpayer will make up any losses—in taxes.

Absentee Ballot Sent To POW

BROOKINGS, S.D. (AP)—A Brookings man who is a prisoner of war in North Vietnam has been sent an absentee ballot to vote in the November general election.

Air Force Capt. Jerome D. Heeren, 27, submitted an application for an absentee ballot Aug. 30, 12 days before he was shot down while on a mission over North Vietnam.

The ballot was mailed this week by the Brookings County auditor's office to an Army post office in San Francisco.

Heeren's application for the ballot listed that address before his capture Sept. 11.

Jayne Cooley, Brookings County deputy auditor, said she hopes the ballot will be forwarded through channels to Heeren and that he will be permitted to mark it and return it.

Hurry-Up Tanaka Tonic For Japan

WASHINGTON (NEA)—If improvement of U.S.-Japanese relations has a better prospect with faster decision-making, then Japan's new Prime Minister Kakuei Tanaka may very well be good for us.

He is proving to be much quicker at decisions than the Japanese people are accustomed to. The leadership habit there is to weigh and consider endlessly until a decision sort of comes into being instead of being made.

When economic trouble developed over the wide trade gap between our two countries, this slowness was a serious handicap to negotiations. Our irritations over it were a factor in the blunt, precipitate action we finally took in mid-1971 to restrict Japanese trade and force currency changes.

Tanaka's quite different make-up made a good impression on President Nixon in their Hawaii meeting. Realistically, hopes should be a little higher than before that deeper inroads can be made into the sticky trade gap dilemma.

Word from Tokyo is, too, that Tanaka is having a tonic effect in his own country. The Japanese often have seen decision delayed so long that the time for action went by without any, whereupon people glumly took the loss involved, shrugged, and watched their leaders agonize over the next one.

Tanaka's trip to China to establish a diplomatic link with Peking and break off such ties with Taiwan came extraordinarily soon after he

took office. It really set the tone for his regime.

He, and his new, quick ways are proving very popular in Japan. It is recognized that he probably will make more mistakes than some of his predecessors, but this does not seem to be worrisome. The important thing is that the mood of the Japanese today is evidently a good deal brighter than it has been for more than a year.

None of this means a magic solvent suddenly has been introduced into the somewhat stiffened relations between Japan and the United States. A great deal remains to be accomplished.

Anti-Americanism still is running fairly high. The Japanese have not yet forgotten what they regard as the rude shocks of 1971, when we applied trade limits and Nixon announced his own trip to China.

However our heavy troop pullout from Vietnam may be seen elsewhere, to the Japanese it signifies a diminishing American interest and influence in Asia. Consequently, they place less trust than before in our written pledges to come to Japan's defense.

Obviously this makes the question of Japan strengthening its own armed forces a more crucial matter, and it will be hotly debated in the months ahead. Popular feelings against a bigger, tougher army continue to run strong in the aftermath of World War II, and the question will be very difficult.

Behind George's Vietnam Speech

At first glance it is by no means easy to understand why Sen. George McGovern took precisely the position he did in his October 10 speech on Vietnam. In terms of his campaign, McGovern needed to do no more, seemingly, than position himself noticeably to the doveward side of Nixon. It would have sufficed for him to promise complete American withdrawal, while still supplying the South Vietnamese if they chose to go on fighting.

That position would have allowed the various Vietnamese elements to negotiate their relations if they chose to do so.

But McGovern went far beyond that position. He not only promised complete U.S. withdrawal within 90 days, but crucially, he promised to remove all salvageable U.S. equipment, and further, to supply no further U.S. equipment to the South. No inhibition would be placed upon Soviet supplies to the North.

Now this is an extraordinary position indeed. What McGovern proposes, in effect, is to switch sides in the war and guarantee the maximum war aims of the other side. And so eager was he to take this

position that he left himself no leverage regarding the prisoners. He merely said he would "expect" Hanoi to return them.

The political risks inherent in McGovern's position are suggested by the fact that it was too much for James Reston, who denounced it the next day as a formula for surrender; and Reston is a remarkably accurate barometer of the attitudes of Establishment liberalism.

But why, then, did McGovern go so far? There are, I think, three reasons, each reflecting in its own way the unique character of this Presidential contest.

George McGovern is a moralist of a particular sort, and beneath that bland exterior there burn some powerful and even violent emotions. McGovern sees issues starkly, either black or white. To him, Nixon and Thieu are not politicians struggling within given realities, but evil men. Thus we have had his comparison of Nixon to Hitler, and his other violent rhetoric. And we now have his manifest desire not only to pull back from Vietnam, but to destroy Thieu and his regime in the process. There is a Manichean streak in McGovern; he is a simplifier, even one of the "terrible simplifiers," as the British historian H.R. Trevor-Roper has called them.

McGovern suspects, either through surmise or through a leak that a Vietnamese peace plan is in the works. And I think McGovern is correct. Things began to move in the last fortnight for several reasons: North Vietnamese losses in the recent offensive and through the bombing; the North Vietnamese fear of facing a re-elected Nixon; and, finally the judgment by Moscow, passed on to Hanoi, that Nixon was certain to be re-elected. A genuine compromise is therefore very much in the works.

McGovern also understands, however, that if Nixon delivers on this before the election, McGovern himself will be sunk entirely. The speech, therefore, was a desperate signal to Hanoi to hang on and hope for a McGovern victory.

Cherry Grower's Suit Chills State Promotion

BY BILL RUSH
Staff Writer
Berrien Circuit Judge William S. White Friday granted a temporary injunction prohibiting continuation of a state cherry promotion program until the program's constitutionality can be determined.

The injunction was sought by Roy Dukeshner, of Dukeshner Farms, Inc., Route 2, Benton Harbor, as a class action suit on behalf of cherry producers in the state.

Cherry Promotion and Development committee.

Plaintiff asked for a temporary injunction on the grounds that any monies collected from growers and spent in furthering the cherry promotion program would not be recoverable if the program is subsequently ruled unconstitutional.

constitutional.

Last March, state cherry growers approved a marketing order allowing compulsory assessments of \$1.25 to \$2.50 a ton of production for use in cherry promotion.

Dukeshner filed suit last week claiming the cherry promotion program is illegal

because growers were not supplied with adequate findings of fact and law prior to their vote.

The suit charges that the program and the statute that created it are unconstitutional because they abuse the power to tax, deny the right to vote to citizens who are not cherry producers, violate the equal protection provisions of federal and state constitutions by establishing a preferential position for a private organization and unlawfully delegate legislative power to the defendants.

In granting the temporary injunction, Judge White ruled that the grower referendum last March was illegal because growers were not provided with adequate findings of fact and conclusions of law to make a decision. The director of the state agricultural department did not comply with the statute, White said.

The suit charged that the agricultural director was supposed to provide interested parties with a recommendation approving or disapproving the cherry promotion program supported by facts and law. Judge White's ruling agreed that proper information was not furnished to growers.

Judge White enjoined defendants from enforcing the cherry promotion program and from spending assessments from growers. The injunction does not affect collection of assessments since most growers have already turned their share in, he said.

Robert C. Frohling, executive secretary of the Michigan Association of Cherry Producers and administrator of the Michigan Cherry Promotion and Development committee, testified that the committee expects collections to produce about \$290,000. Of this \$141,000 has already been received and a substantial amount has been spent or is under contract, including about \$40,000 to the National Red Cherry Institute and in excess of \$30,000 to the Michigan Association of Cherry producers, he explained.

A pre-trial on the suit is scheduled for Nov. 1.

Auto Hits Tree Near Three Oaks

THREE OAKS — Two young Three Oaks residents were hospitalized last night after the car they were riding in struck a tree just north of Three Oaks.

Listed in serious condition in the intensive care unit of St. Joseph Memorial hospital this morning was Kerri Priest, 16, the daughter of Mr. and Mrs. Martin Priest Jr., of Flynn road.

She was a passenger in a car driven by Ronald James Clemons, 20, of 612 Magnolia. Clemons was listed in good condition this morning at St. Anthony hospital, Michigan City, Ind.

State police at New Buffalo said Clemons was driving north at a high speed on Three Oaks road at about 9:30 p.m., when his car left the road just north of the Three Oaks village limits and struck a tree.

Police said Clemons was charged with traveling too fast for conditions.

Berrien Probate Court Employees Okay Union

Employees of Berrien probate court voted Friday to recognize Council No. 55, of the American Federation of state, county and municipal employees, AFL-CIO, as exclusive bargaining agent.

Of the 30 eligible employees from the juvenile and probate divisions of probate court, 25 voted for union representation and 2 voted against. Three employees abstained.

Excluded from representation is Berrien Probate Judge Ronald H. Lange, his secretary and Lloyd Williams, acting chief juvenile probation officer.

There will be a five day waiting period

during which voting results are filed with the Employment Relations commission of the state Department of Labor and during which the vote can be appealed, Robert Whitaker, state election officer said.

If the vote is uncontested, Judge Lange and Roger Petrie, county coordinator, will begin negotiations with union representatives.

Probate court personnel are the second group of county employees at the courthouse in St. Joseph to accept affiliation with a labor organization. Berrien sheriff's deputies are represented by the Federal Order of Police (FOP).

McGovern Campaign Gets Help From Little Givers

BY JIM SHANAHAN
Staff Writer

Fund-raising for George McGovern means a fudge sale in Lapeer county of Michigan's Upper Peninsula.

A bean dinner in Ludington; a bologna banquet that nets \$26; a beer party at which 50 people kick in \$43 to the campaign.

Or for real opulence a \$2 a plate dinner in Benton Harbor.

Mrs. Marion Anderson, chairman of "Michigan grass roots fund-raising for McGovern" admits she's

running a "poor" campaign compared to the \$1,000 a plate meals thrown by the Republicans.

But, Mrs. Anderson says her grass roots campaign enlists people and they'll pay off on election day.

She was in Benton Harbor last night, speaking to some 150 Democrats at the Downtowner restaurant. They paid \$2 a plate in what was described as the major fund-raising event of the McGovern Democratic campaign in Berrien county. Two weeks ago Berrien Republicans paid \$100

a plate to hear John Volpe, President Nixon's secretary of transportation.

Mrs. Anderson said the grass roots campaign of rummage sales and card parties is turning in \$1,000 a day to McGovern's to win Michigan on Nov. 7. This doesn't include the big "sure thing" contributors.

"It is people whose average contribution is about \$4 and we're getting about 2,000 new contributors a week," said Mrs. Anderson.

"I feel that it is essential to the health of our Republic that a president win the election with small contributions."

Mrs. Anderson is the wife of James R. Anderson, assistant director of the Honors college at Michigan State university. She is the mother of three sons and employed by the Michigan Council of Churches as director of peace education.

She also is chairman of Michigan Clergy and Laymen Concerned about Vietnam.

Mrs. Anderson said people should be concerned about Vietnam. She claimed the people of Detroit spend \$100 million more on the Pentagon than their entire city budget.

Military spending is a drain on all Michigan cities which are in dire need of money for schools, housing and day-to-day governmental operation, she noted.

Although McGovern is running a frugal campaign, big money is starting to pour in. Mrs. Anderson said his nationally televised peace

Whirlpool Corp. today announced the promotion of Ronald I. Gow from director of public relations to national advertising manager.

Gow joined Whirlpool in 1955 after graduating from Western Michigan university and serving in the U.S. Army. He became Whirlpool public relations director in 1970.

A native of Benton Harbor, Gow is a member of the public relations committees of the Association of Home Appliance Manufacturers, Twin cities Area Child Care center, and Twin Cities Area Chamber of Commerce. He is a director of the Western Michigan university alumni association.

Gow, his wife, Barbara, and daughter, Tami, live in St. Joseph.

Watervliet Adding Machine Totals New Buffalo, 76-0!

WATERVLIET — Watervliet rolled up the second highest score in modern southwestern Michigan history while crushing New Buffalo 76-0 here Friday night.

The scoring explosion is second only to Hartford's 82-0 shellacking of an Allendale team which had only sophomores in 1969.

The Red Arrow romp did produce school team and individual scoring marks. Watervliet's previous high tally came in a 65-6 rout of Benton Harbor St. John's in 1968.

Tailback Chuck Andrews also scored 34 points Friday night to

erase a Watervliet mark of 30 set in 1968 by Jim Kolenko, the

area scoring champion that season.

"We weren't out to score points but we're happy," commented winning coach Jerry Barchett. "We used everybody we had. We dressed 19 tonight and all 19 kids played a lot of football."

Andrews, a 160-pound senior, scored five touchdowns on an 81-yard kick off return opening the second half and on runs from scrimmage of eight, five, four and two yards.

Mort Leith added touchdowns on runs of 10 and 1 yards.

Greg Sempert scored on scampers of eight and seven yards and Bill Rodriguez contributed a TD on a nine-yard dash.

"We used what backs we had," continued Barchett. "Andrews and Rodriguez played very little offense in the second half."

Andrews finished with 142 yards in 20 carries, Rodriguez 99 yards in 12 totes, Jim Bolin 94 yards in 18 attempts and Sempert 59 yards in 9 tries.

"This is only the second game that Andrews has been

able to do an awful lot," added Barchett. His senior star was hampered early in the season by an injury suffered when a car ran over his foot.

Watervliet finished with 405 yards rushing, as compared to just 42 for New Buffalo, but Barchett noted there still are "a lot of things we've got to work on."

Panthers in the front line credited for breaking the backs loose with their blocking were tackles Bob Tuckett and Dave Flaherty, guards Bruce Tarantino and Jeff Nigro and

center Brian Nigro.

Watervliet defensive standouts were the sophomore McVay twins, Jim at end and Mike at middle guard. Linebackers Darrel Lynch and Jeff Nigro were also outstanding. "I'm real pleased with the total defensive effort," declared Barchett.

A defensive star for New Buffalo was linebacker Ed Lijewski. "He was all over the field," stated Barchett.

Watervliet has now defeated New Buffalo in all seven of their Red Arrow meetings. The

Panthers also have a four-game winning streak going and a string of 19 consecutive games where they've scored

row. The Bisons have allowed three or more TDs on all 11 of those games.

Watervliet is now 3-1 in the Red Arrow this season and 5-1 overall.

Mighty Lancers Rip Brandywine

By JERRY DYKSTRA
Staff Sports Writer

Lakeshore alumni came back for homecoming Friday night to see the Lancers' undefeated football team.

And the Lakeshore gridders showed their faithful followers exactly why they're unbeaten and highly ranked in the Class B polls.

Neil McLaughlin's charges, unveiling a grind 'em out offense to go with an already well-known rugged defense, humiliated Brandywine 36-0 in a key Blossomland conference clash.

The Lancer win, along with Buchanan's 20-6 upset of previous co-leader Edwardburg, gives the Lancers sole possession of first place with a 5-0 mark. Lakeshore, which has six straight wins this season, can clinch the Blossomland crown by defeating the Eddie next Friday.

Brandywine is now 3-2 in league play and the defending Blossomland champs have only a long shot of tying for the title.

Lakeshore's offense was equally as brilliant as its defense Friday night before a

McLaughlin. "George Schmidt, Chuck Hoge, Ray Wood, Ken Bailey and Tom Bellavia all did good jobs."

"They just stopped our running attack cold," said Bobcat mentor Don Arend. "We just couldn't come up with the long gainers. They were

just ready for us. They outplayed us all night."

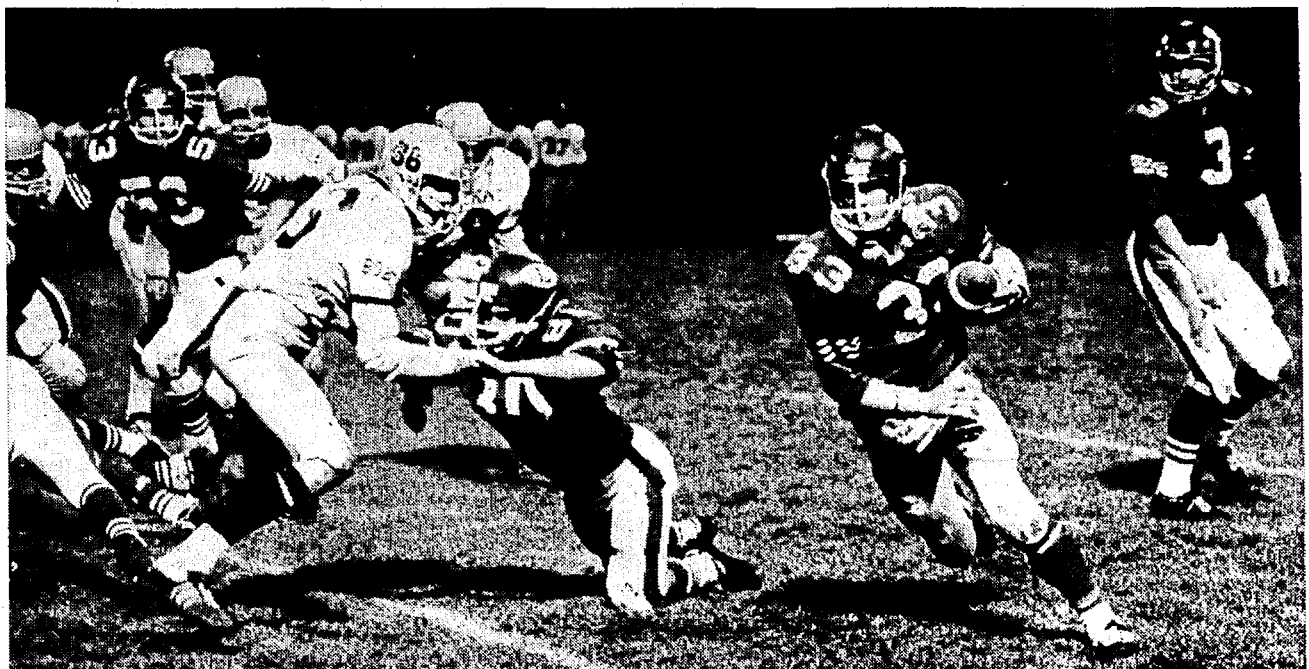

Lakeshore completely dominated the first half while jumping to a 24-0 margin at intermission. The Lancers ran twice as many plays as the Bobcats and outgained the losers 202-65.

The Lancers wasted little time getting on the scoreboard. Lakeshore, ignited by a 65-yard jaunt by Steve Caple on the first play from scrimmage, went 80 yards in six plays after taking the opening kickoff.

Terry Lauver went over center from a yard away for the score.

Quarterback Lauver passed to end Charley Shafer for the PAT, the first of three successful Lauver-to-Shafer PAT

Culver Aerial Attack Sinks St. Joe, 28-21

By JOHN VANDENHEEDE
Staff Sports Writer

St. Joe probably wishes the Culver Military Academy cadet gridders would have stayed in the cornfield they used for a dressing room Friday night.

The CMU team bus ground to a halt somewhere near LaPorte with a broken oil line, so the Eagles tried to save time while waiting for a different bus by changing into their uniforms in a cornfield along Highway 39.

Culver was more than a half hour late in arriving at Dickinson Stadium but certainly wasn't bothered by the problems in scoring the first two times it had the ball in a 28-21 non-conference win over the Bears.

Culver's one-two offensive punch of quarterback John Michel and tailback John Patton was too much for St. Joe to handle as the Eagles amassed 442 yards in total offense.

Michel completed an amazing 16 of 21 passes for 244 yards and three touchdowns while Patton ran for a touchdown while picking up 150 yards in 28 carries.

St. Joe battled back from the 14-0 first period deficit for a 21-14 lead but eventually fell victim to Michel's passing. "When our quarterback is on, he's really on," noted CMU coach Dave Nelson. "He's got a terrific arm."

The 6-1 senior from Pacific Palisades, Calif., has now passed for more than 2,500 yards for Culver in the last two

seasons. Last year in a 34-14 loss to St. Joe, he connected on 18 of 34 for 254 yards.

"We didn't get near the pressure we should have," commented Bear coach Ike Muhlenkamp on St. Joe's defense against Michel.

The Bear coach also stated that Patton, who was completely healthy, for only the

second game this season, "made them a much better ballclub."

"I expected it to be real close," added Muhlenkamp on the game. "We make the games real exciting, but unfortunately we come out on the wrong end."

The Bears did the job on offense again while slipping to 1-5 on the season. They rolled up 309 yards with fullback Doug Lincoln returning from the injured list in impressive fashion by rushing for 98 yards in 17 carries. Quarterback Mark Schense chipped in with 12 of 20 passes for 175 yards, but tailback Mike Ryan was off form in getting just 22 yards in eight runs.

Culver's first TD came on a third and 10 play from St. Joe's 48. Michel was forced to

Benton Harbor's 'Vacation' Ends With Thud

By JIM DeLAND
Sports Editor

MUSKEGON — Benton Harbor's football holiday ended with a thud here Friday night.

Scott McEwen and his Mona Shores teammates pulled the welcome mat out from under the Tigers and sent them tumbling to a 42-22 defeat before a delighted homecoming crowd at the Sailors' field.

McEwen carried the ball 14 times for 98 yards and three touchdowns in the first half and fellow halfback Mike Clark added two more TD's in the second half to lead the Sailors to the second Lake Michigan Athletic Conference victory in the school's history, both against Benton Harbor.

Ceroy Reynolds, Calvin Wilson and Bob Edelberg all

scored touchdowns for Benton Harbor, but the Tigers never were able to gain the lead in their first game in two weeks.

"We just couldn't get the football...we couldn't stop them," Benton Harbor coach Iv Sigler said, shaking his head. "We just didn't wake up."

The Tiger defense particularly was taken in by halfback counter plays that produced a bulk of the Sailors' 234 yards rushing.

"They were running that stuff at our best players — our inside linebackers Edelberg and (Ron) Coffey and our tackles (Donnell) Hureskin and (Craig) Dudley — and we still couldn't stop it," Sigler noted. "Those guys have been our best football players all season."

McEwen, a 170-pound senior

who had scored four touchdowns in two previous games against Benton Harbor, hit paydirt on runs of 1, 41 and 9 yards in the first half and ended the night with 106 yards in 17 carries before being evicted by

the officials for a personal foul in the fourth quarter.

His most damaging touchdown was probably the third one, which came with only

three seconds left in the first half and sent the Sailors off at intermission with a 20-6 lead.

"That forced us out of our game," Sigler admitted. "We really had to play catch-up then."

The Tigers' fate was sealed in the third quarter when the Sailors scored 15 points in less than two minutes.

They got eight points on a seven-yard TD and two-point conversion by Clark following an unsuccessful Benton Harbor fake punt and then put the game out of reach when defensive end Lafayette Edwards picked up a fumble by Tiger halfback Lenny Thompson and raced 62 yards for another touchdown.

That made it 35-6, and although the Tigers gamely fought back for scoring drives

of 70 and 62 yards with Keith Seahorn at quarterback, they were fighting a losing battle against time.

Wilson and Edelberg got the touchdowns on runs of nine yards and one yard, but Mona Shores actually got in the final blow when Clark scored on a six-yard run with just 27 seconds left in the game.

Reynolds got Benton Harbor's first touchdown on a four-yard pass from Dave Popke, who completed three of five for 42 yards in the first half.

Edelberg was the Tigers' workhorse with 21 carries for 79 yards while John Sams carried 11 times for 57 yards. Clark completed the Sailors' one-two punch with 83 yards in 18 carries.

The setback was Benton Harbor's seventh straight

LMAC defeat since a season-ending victory over Mona Shores in 1970 and leaves the Tigers 0-2 in the conference this season and 1-4 overall.

Mona Shores is 1-3 in the LMAC and 2-3-1 for the season.

Benton Harbor returns home next Friday for another league game against undefeated Muskegon Catholic Central,

one of the state's top Class B teams.

Muskegon Still No. 1

MIDLAND, Mich. (AP) — Powerful Muskegon (6-0), Michigan's No. 1 Class A football power, insured itself of another week at the head of the pack Friday night, turning back tenth ranked Midland (4-2) 34-14.

Halfback Fred Kenny scored

twice in the first half for Muskegon on runs of 23 and 15 yards. Rick George also got a pair on a one-yard plunge and a 23-yard jaunt.

Rick Owen led the Midland effort, scoring on runs of two and five yards.

BE INFORMED BEFORE YOU VOTE

Editor,
Michigan voters are being asked to vote on Proposal B without availability of information on the abortion law. "A woman's right to choose" you are told. Yes, it is the woman's right to choose whether or not she will become pregnant. After she has made this decision and has become pregnant, she has the same responsibilities to care for her unborn child as she will have to care for that same child after birth. How can any woman be given the right to decide who lives and who dies.

What if she is raped? Few people realize that pregnancy from rape is extremely rare since the trauma of rape prevents physical conditions necessary for fertilization. And why kill an innocent child for the crime of his father.

Women are led to believe legal abortion is safe yet abortion is twice as fatal to the mother as childbirth. Because of these dangers malpractice suits increase, and malpractice insurance rates for all doctors increase, therefore all doctors fees increase. Even though I find abortion immoral will I have to help pay for the abortion of another woman. One major insurance company already includes abortion coverage.

In Japan the saline method of abortion is forbidden as a "medically intolerable procedure." And yet New York blatantly continues using this method. How many Michigan voters know New York's legislature repealed their present abortion law because it failed to solve the social problems unwanted pregnancies create. This repeal of their ineffective abortion law was vetoed by one man, the governor, a chief proponent of liberalized

UNION-NAPIER TRAFFIC CONTROL URGED

Editor,

Perhaps it would be wise for the Michigan State Department of Highways and for the Benton Township authorities to investigate the possibilities of placing a traffic control device at the intersection of Napier and Union Avenues in Benton Township. The traffic conditions in the Napier Avenue and M-139 area are hazardous at best; however, with the addition of the Jewel Food and Osco Drug complex, increased traffic can be expected. As a resident of the Napier Manor Apartments, I can personally testify to the difficult and dangerous traffic situation.

It is clear that traffic control devices are warranted in this area and it is advisable to erect such devices before a serious bodily injury accident occurs.

SAYS MCGOVERN AT LEAST HONEST

Editor,

Senator McGovern calls himself a liberal. President Nixon calls himself a conservative. But is he? What does the record say?

The Nixon deficits have already exceeded the combined deficits of Presidents Eisenhower, Kennedy and Johnson. The combined four year deficits of the Nixon administration of \$80,000,000,000 is more than one-fifth of the entire National deficits accumulated since George Washington.

This is not the record of a conservative. At least George McGovern is honest when he labels himself. Thank you.

DEARBORN CASE
Forced Arbitration
In Supreme Court

LANSING, Mich. (AP) — The Michigan Supreme Court granted leave Friday for an appeal in a case involving the constitutionality of compulsory arbitration of labor disputes between cities and their police and fire departments.

The leave to appeal was granted in the case of Dearborn Firefighters Local 412 and the Police Officers Association of Dearborn against the City of Dearborn.

The fire and police organization submitted contract disputes to arbitration under a state law after a breakdown of negotiations and failure of mediation with the city in June, 1970.

The city contended that the 1969 state law was unconstitutional and refused to appoint a representative to the arbitration panel as required under the law.

The city later refused to comply with decisions of the two-member arbitration panels. The panels were appointed by the Michigan Employment Relations Commission.

Police and firemen filed suit against the city in Wayne County Circuit Court, which ordered the city to implement the findings of the arbitration panels.

The State Appeals Court upheld the lower court ruling and the city moved to take the case to the Supreme Court.

Fire Friday caused extensive damage to a Benton township public housing unit at 1233 Blossom Lane, where an upstairs bedroom was damaged by flames, and smoke damage occurred throughout.

Township firemen, called at 9:02 a.m., said 13 men battled the blaze that did an estimated \$8,800 in damage. Cause of the fire remains under investigation, firemen said. There were no injuries.

Firemen said the occupant, Mrs. Lucy Hardnett, and her several children, were moved after the fire to another housing unit.

Benton Harbor firemen at 2:15 p.m. Friday, put out a blaze that occurred among filters outside the Scowcroft Manufacturing Co., 1215 Milton street.

Firemen said the blaze apparently started from sun shining on flammable material on the filters. Damage was minor, firemen said.

Jurors recently convicted Johnson on a charge of breaking into the David and Carolyn Parr home on Highland avenue in Benton township on July 18.

Cement Mixer Accident Kills Warren Woman

WARREN, Mich. (AP)—A Warren mother of three was killed Friday when her clothing became caught in a cement mixer in her back yard.

Police said Constance Przeradzki, 27, apparently came too close to an exposed, spinning shaft, which caught her waist-length coat. Mrs. Przeradzki was spun around the shaft several times and then dashed to the ground, police said.

Firefighters said her clothes were wrapped so tightly around the shaft that they had to use a saw to free them. She is survived by her husband, Robert, and three daughters, Rene, 7; Tina, 5; and Laurie, 3.

RESOLUTION
WHEREAS it is immediately necessary and imperative for the public health and welfare of the present and future residents of the City of St. Joseph, Berrien County, Michigan, that the existing water supply system be expanded by construction and installation of certain additional plant facilities as set forth in reports and studies prepared for the City by Consoer, Townsend and Associates in Michigan, Consulting Engineers, and
WHEREAS it further appears both practical and desirable for the County of Berrien to enter into a contract

with the City of St. Joseph for expansion of the City's water supply facility as described in said reports and studies under Act No. 185 of the Public Acts of Michigan, 1957, as amended, and to finance the cost of the same by the issuance of county bonds in anticipation of the collection of amounts to become due under a contract between said county and the said City whereby the City will agree to pay the cost of the acquisition and financing of said County water supply system and whereby said County and the City will agree as to the manner in which said water supply system will be operated and maintained.
NOW, THEREFORE, BE IT RESOLVED, that the said County of Berrien acting through its Department of Public Works is hereby requested to accept and adopt reports and studies of Consoer, Townsend and Associates as to the needs of the City for the addition and improvements to the city's water supply system (with such additions or deletions as may be demanded upon the completion of final plans and specifications) and to agree to the basis for financing the cost thereof by the issuance of bonds hereinabove described, all under the provisions of said Act No. 185, Public Acts of Michigan, 1957, as amended.
BE IT FURTHER RESOLVED, that the said County of Berrien, acting through its Board of Public Works, and said City shall hereafter, at an appropriate time, enter into a contract with respect to the payment by the City of the cost of the acquisition and financing of said system over a period not exceeding forty (40) years.
BE IT FURTHER RESOLVED, that this City hereby agrees to reimburse the said County of Berrien for all reasonable engineering, legal and administrative costs hereafter actually incurred by its Department of Public Works in connection with the planning and financing of the proposed improvements of said system in the event that, for reasons beyond the control of said County, the said system is not completed or the bonds to finance the same are not sold, it being understood that the City has already paid for the reports and studies submitted herewith.
Mr. Hanley, seconded by Mr. Tobias moved approval of the foregoing resolution. Roll call resulted as follows: Yeas: Commissioners Hanley, Smith and Tobias. Nays: None. Absent: Commissioners Gast and Selent. Motion declared carried and resolution adopted.
